Business Operations

Corporate Governance Charter

Global

Policy Owner: Company Secretary

1. PURPOSE

- 1.1 The Fred Hollows Foundation (**The Foundation**) is committed to ensuring good governance is embedded in its corporate culture. This Charter sets out the principles and practices that the Board directors of The Foundation (**Directors**) will uphold and implement to fulfil the public trust vested in them to protect Fred’s legacy and fulfil his vision. In exercising this responsibility, Directors will be guided by the values of integrity, collaboration, empowerment and action and the passions that imbued Fred’s life:
- 1.1.1 A confidence that restoring sight to people who are needlessly blind or vision impaired opens up new options for them and enriches their families and communities.
 - 1.1.2 A commitment to respect, promote and protect the rights of Aboriginal and Torres Strait Islander people, and particularly their rights to health and life expectancy on a par with other Australians.
 - 1.1.3 A determination to contribute in a meaningful way to a more equitable world where high quality health care is available to all.
 - 1.1.4 A conviction that our goals can only be achieved if we work in true partnership with local people and agencies and support them to find their own lasting solutions.
 - 1.1.5 A belief that the best path forward is always found through openness and collaboration, and through forging effective partnerships with people and agencies of like mind who share those values.

3. BACKGROUND

- 3.1 The Fred Hollows Foundation is an independent, secular development agency, established in Australia in 1992. It now operates in over 20 countries well as in Aboriginal and Torres Strait Islander communities in Australia.
- 3.2 Inspired by ophthalmologist and human rights activist, the late Professor Fred Hollows, The Foundation works for a world where no-one is needlessly blind or vision impaired and Aboriginal and Torres Strait Islander peoples enjoy the same health and life expectancy as other citizens.
- 3.3 The Foundation is constituted as an unlisted public company limited by guarantee under Australian law. It is a membership-based, not-for-profit, non-government organisation. It is governed by the relevant provisions of the Corporations Act 2001, the Australian Charities and Not-for-profits Commission Act and its own Constitution adopted by the members in 2004, as subsequently amended. The Foundation is registered as a charity with the Australian Not-for-profit Charities Commission and must meet its requirements including certain governance standards, and is also registered for fundraising purposes with State and Territory authorities.
- 3.4 As a member of the Australian Council for International Development (**ACFID**), The Foundation is bound by the ACFID Code of Conduct. It is fully accredited by the Commonwealth Government's Department of Foreign Affairs and Trade (**DFAT**) – a status that must be reviewed and renewed every five years.
- 3.5 Internationally, The Foundation empowers locally through the use of the locally established but globally aligned Fred Hollows Entities to establish a network of synergy and as required by law.
- 3.6 Responsibility for ensuring the good governance of the organisation rests with the Board of voluntary Directors comprised of a minimum of five and a maximum of 13 people. Eight of these Board positions are reserved for Directors elected by the Members of The Foundation at the AGM (**Elected Directors**). The remaining positions may be filled by the Board (**Appointed Directors**). The Chair is

appointed by the Board from amongst the full pool of Directors. Deputy Chair(s) may also be appointed by the Board. Gabrielle Hollows is recognised in the Constitution as the Founding Director and has the right of life membership on the Board.

4. GUIDING PRINCIPLES

4.1 Global Principles

Adherence with the global guiding principles ensures that all strategic decisions are supported by and reflect the desired governance framework of The Foundation.

GLOBAL PRINCIPLE 1 – PROTECT AND NURTURE THE REPUTATION OF THE FOUNDATION

The Foundation’s reputation remains central to achieving our strategic objectives and we will ensure that our governance approach, policies, procedures and risk management will always seek to protect and nurture the brand and reputation of The Foundation.

GLOBAL PRINCIPLE 2 – ENSURE THAT THE DIRECTION, GOALS, STRATEGIES AND ACTIONS OF OTHER FHF ENTITIES ARE FULLY ALIGNED AND AGREED TO WITH THE FHF (PARENT ENTITY) AND ITS BOARD.

Recognising the need for entities to fully comply with local and national laws and regulations, we will organise The Foundation to best deliver against our strategic goals whilst ensuring the constitutions, structure, policies and procedures of all the Fred Hollows Entities are effectively aligned with and are in support of The Foundation and its Board.

GLOBAL PRINCIPLE 3 – MAINTAIN A SINGLE ENTITY TO MANAGE THE GOVERNANCE OF THE GLOBAL ENTITIES (I.E. A UNITARY STRUCTURE)

We are a global organisation, not a Federation or Confederation. The Foundation’s Board will maintain an international structure that enables global agreement and alignment of our mission, strategy and its execution. We will work with the Fred Hollows Entities and the Fred Hollows Licensees towards common objectives, while respecting the local cultures and different approaches.

4.2 General Principles

The Board will fulfil these objectives by implementing the principles that are summarised in brief on the following page and set out in detail thereafter.

These Principles are supplemented elsewhere by specific policies, procedures and guidance documents on key elements.

PRINCIPLE 1 – PROVIDE LEADERSHIP AND ADD VALUE

The Board will provide leadership through informed deliberation that sets the organisation’s vision, values, broad policies and strategic plans. We take ultimate responsibility for the effective functioning of the organisation, its sustainability and the protection of the ‘Fred Hollows’ name and brand.

PRINCIPLE 2 – LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

The Foundation will ensure organisational clarity about the respective roles and responsibilities of Board and Management and the interface between the two. The Board will always seek to establish

and maintain positive relationships with the CEO and, through him or her, with other managers of The Foundation. We will provide honest, direct and timely feedback to the CEO on the performance of the Management, but will not seek to directly intrude on or supplant the CEO's responsibility to manage the organisation.

PRINCIPLE 3 – STRUCTURE THE BOARD TO ACHIEVE THE BEST OUTCOMES

We will organise the business of the Board and utilise our skills and expertise as individuals in the most effective ways to discharge the Board's duties and to advance the goals of The Foundation.

PRINCIPLE 4 – BE ACCOUNTABLE TO OUR MEMBERS AND RESPECT THEIR RIGHTS

We acknowledge the trust our members have placed in us, respect their rights to hold us to account, and pledge transparency in our relationship with them.

PRINCIPLE 5 – MAKE PARTNERSHIP AND COLLABORATION THE HALLMARKS OF OUR WORK

Recognising Fred Hollows' commitment to collaboration in his work, and his determination to mobilise resources efficiently through cooperation, The Foundation will work through strong partnerships at both the governance and operational levels, emphasising cooperation and collaboration as central to the way we plan and work.

PRINCIPLE 6 – BUILD RESOURCES AND A CULTURE OF FINANCIAL TRANSPARENCY

We are committed to ensuring The Foundation has the resources to achieve agreed strategic objectives and to making full and accurate information available about The Foundation's financial position.

PRINCIPLE 7 – IDENTIFY AND MANAGE RISK WITHOUT BEING RISK-AVERSE

We are willing to take risks to achieve results, but do so only with open eyes and when confident they can be satisfactorily managed.

PRINCIPLE 8 – STRIVE FOR GOVERNANCE EXCELLENCE AND CONTINUAL IMPROVEMENT

We will challenge ourselves to achieve excellence in governance and will take active steps to enhance our performance as a Board.

PRINCIPLE 9 – NO WELFARE, EVANGELISM OR PARTISAN POLITICS

The Foundation's principles of independence and self-sufficiency mean that we do not engage in or support welfare programs, evangelism, or partisan politics either in our own work or the activities and strategies we support and fund.

5. COMMITMENTS UNDER THIS POLICY

 - 5.4.2 Apply her or his skills, attributes, networks and expertise to advancing the objects and work of The Foundation.
 - 5.4.3 Allocate sufficient time to understand and discharge his or her duties as a director, and beyond the statutory duties, allocate time and effort to be involved in and connected with the community of stakeholders (internal and external), partners and supporters of The Foundation.

PRINCIPLE 2 – LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

- 5.6 The Foundation will ensure organisational clarity about the respective roles and responsibilities of Board and Management and the interface between the two. The Board will always seek to establish and maintain positive relationships with the CEO and, through him or her, with other managers of The Foundation. We will provide honest, direct and timely feedback to the CEO on the performance of the Management, but will not seek to directly intrude on or supplant the CEO’s responsibility to manage the organisation.
- 5.7 The Foundation’s goal is to ensure that the relationship between the Board and Management team is open, honest, good-natured and constructive, and grounded in mutual respect so as to advance the vision and objects of the organisation.
- 5.8 This matter has been discussed over several years in The Foundation and agreement has been reached that, while existing along a continuum, the respective roles and responsibilities are best viewed in the following way:

Board role	Management role
Be custodians of the founding spirit, of Fred’s legacy and of the Fred Hollows brand	Implement measures to protect and enhance the brand and build on Fred’s legacy, guided by the founding spirit
Ensure there is a business in the long-term	Manage the business today and for tomorrow
Recruit, support, and monitor the performance of and (through the Chair) provide guidance and coaching to the CEO	Recruit, support and monitor the performance of senior managers and the broader management team
Debate, consider and determine broad strategic directions and policies, always taking into account the expertise and advice of Management	Provide information, advice and recommendations to inform strategic decision-making
Monitor the performance of the organisation	Implement the broad strategic directions and policies established by the Board, and provide information so the Board can carry out its monitoring role.
Monitor the adequacy of and outcomes from risk management processes	Design and implement risk management processes
Review the budget to ensure it is aligned to the strategy and affordable, approve it and monitor its implementation	Propose the budget, work to it and report on progress against it

- 5.8.1 The management of The Foundation is entrusted to the CEO – a position which the Board is responsible for recruiting and managing. Our approach is to set parameters for the CEO rather than to rigidly prescribe or limit his or her actions. The CEO presents a budget and operating plan to the Board each year. The Board reviews and approves these (either with or without amendment) and, having done so, then delegates responsibility to the CEO to implement the plan and manage the budget.
- 5.8.2 The CEO is authorised to amend any element of the operating plan and expenditure allocations within tolerances set from time to time by the Board. However, any substantial change in the profile of The Foundation or the nature of its business would only be possible after substantive discussion with the Board including a review of the strategic framework.
- 5.8.3 The CEO is the conduit between the Board – both as a whole and as individual Directors – and the staff. He or she works with the Chair to ensure the information interchange between the Board and the Management team is open, transparent and effective, and to build and maintain a

Board/Management relationship that is honest, good-natured and constructive. Management information is the property of The Foundation, and The Board has the right to access any information it may feel is necessary or desirable for it to carry out its functions.

- 5.8.4 The CEO and Chair develop agendas for Board meetings and strategic planning meetings. The CEO is responsible for ensuring the Board receives high quality, timely reports from Management and relevant information to enable the Board to make informed judgments and decisions concerning matters dealt with in Board meetings and other matters of strategy, and regarding progress against agreed organisational Strategic Goals. The CEO, in consultation with the Chair, provides the Board with sound and timely advice on key strategic and operational matters and relationships, and ensures there is an effective Management team in place.
- 5.8.5 Directors are responsible for supporting and encouraging the CEO. Care is taken not to undermine his or her authority and standing with staff, including through ensuring that any direct contact we have with staff is with his or her knowledge and consent. However, consistent with the principle of openness and honesty, a member of staff who believes misconduct has occurred on the part of the CEO has the right to discuss the matter directly and confidentially with the Chair of the Board. Directors are to fulfil this support role in a manner consistent with their duties as directors.
- 5.8.6 Directors will, as their schedules permit, provide advice and assist the work of the organisation where the CEO believes this would be valuable. This includes supporting governance, capability building, and information sharing between directors and management.
- 5.8.7 Annually the Chair undertakes a formal review of the performance of the CEO and reports to the Board's in-camera session on the results and the proposed remuneration package in accordance with the agreed employment contract. This decision is taken by the Board.

PRINCIPLE 3 – STRUCTURE THE BOARD TO ACHIEVE THE BEST OUTCOMES

- 5.9 We will organise the business of the Board and utilise our skills and expertise as individuals in the most effective ways to discharge the Board's duties and to advance the goals of The Foundation.
- 5.10 Managing the work of a Board is a complex task and requires Directors to work well together to make the Board function effectively.
- 5.11 Effective functioning requires agreement as to how business will be done and for specific tasks to be allocated to particular Directors or committees, while not detracting from the Board's shared responsibility for The Foundation as a whole. This is particularly true in organisations such as The Foundation that are comprised solely of voluntary Directors.
- 5.12 Role of the Chair
- 5.12.1 The Foundation has paid particular attention to the role of the Chair of the Board. While it includes all duties prescribed by the Constitution and the Corporations Act, the responsibilities of the Chair in The Foundation goes well beyond this.
- 5.12.2 The Chair leads the Board and the whole Foundation through promoting a culture of excellence, integrity, respect, transparency, action, collaboration, empowerment and compliance with both organisational vision and relevant laws.
- 5.12.3 In particular, the Chair:

References

- (a) develops meeting agendas with the CEO that focus Board attention on its strategic stewardship, financial stewardship, policy formation, decision-making and oversight roles;
- (b) facilitates a proper flow of communication and information to assist the Board to fulfil its functions, both during and between Board meetings;
- (c) chairs Board meetings and ensures they are conducted in a way that promotes engagement, understanding, effectiveness, efficiency, and ethical behaviour and decision-making;
- (d) ensures and participates in an induction process for new Directors, and in the ongoing process of Board and director development;
- (e) ensures succession planning is informed and ongoing;
- (f) takes the lead role in CEO succession planning, recruitment and performance assessment;
- (g) establishes a productive working relationship with the CEO that is open, honest, good-natured and constructive and grounded in mutual respect, and provides the CEO with specific support and guidance without interfering in operational matters;
- (h) sets the “tone at the top”, that is, the values and culture within the Board;
- (i) represents the views of the Board to, and liaises with, the Chairs of other Fred Hollows Entities;
- (j) reports to members at the AGM and is always open to communication with members; and
- (k) as appropriate and in consultation with the CEO, represents the Foundation externally, maintains contact with Foundation country offices and participates in Foundation forums as agreed with the CEO.

The Chair may call on one or more Deputy-Chair(s) with some or all of these functions.

5.13 Role and operation of Committees

5.13.1 The Board, acting as a whole, is responsible for The Foundation overall. Committees advise and make recommendations to the Board.

5.13.2 The Board in consultation with the CEO:

- (a) determines the Terms of Reference (ToRs) for Committees, including their roles, responsibilities and composition and how they will operate and report to the Board;
- (b) appoints the members of Committees, who may include people (preferably Foundation members) who are not Directors but have specific skills or expertise that is relevant to the ToR of that Committee; and
- (c) reviews the performance and effectiveness of Committees, the appropriateness of ToRs and membership annually, usually at the first meeting held after the AGM.

5.13.3 Committees do not have authority to speak, act for the Board or make any decision except when formally given such authority in the ToR or by specific resolution of the Board. The Chair

References

of each Committee carries responsibility for ensuring that the principles outlined in this Charter are observed in the way that each Committee operates and performs its functions.

5.13.4 The Chair of each Committee ensures that minutes of meetings are kept and are circulated to all Directors at the following Board meeting. Each Board meeting is provided with the minutes of Committee meetings. Chairs of Committees must ensure the Board is informed about key issues arising from the Committee's deliberations and, either personally or by delegation, ensure the Committee is represented at the Board meeting and able to elaborate as required on issues of interest to the Board.

5.13.5 The ToRs of all Committees are provided to Directors upon their appointment as part of induction. ToRs are also available to all Directors at any time. Each Director will ensure he or she is familiar with the role and functions of the Committees and with the membership of each Committee.

5.14 Experience and skill mix of Directors

5.14.1 The Foundation seeks to ensure that the Board as a whole contains the appropriate expertise, knowledge, experience and competence to support the strategic plans of the organisation in the near and longer terms, and to provide sound governance and stewardship for the organisation overall.

5.14.2 As an organisation inspired by and committed to further the work of Fred Hollows and for the purposes of good governance, we also seek to ensure wherever possible that the experience and skills of the Board and Committees meet the current needs of The Foundation, and may include:

- (a) people who directly knew and worked with Fred and/or have a long association with the organisation;
- (b) ophthalmologists and other relevant health experts;
- (c) Aboriginal and Torres Strait Islander peoples, especially those with experience in health and development;
- (d) people with skills and experience in international and Indigenous development;
- (e) people with skills and experience in strategic partnerships and advocacy;
- (f) people with experience in growing organisations profitably, ethically and sustainably, and with specific skills in fundraising, resource mobilisation, business and commerce and financial management – in Australia and internationally;
- (g) people with strong strategic capabilities and experience;
- (h) people with strong governance experience, particularly in multi-national organisations; and
- (i) a balance of men and women and a mix of life experience.

5.14.3 Each Director recognises and embraces the fact that the complement of skills within the Board will need to change over time as the organisation grows and evolves. Directors will monitor their own contribution to the Board to ensure their contribution remains relevant and active,

References

and will proactively consult with the Chair about their own role and contribution to assist with succession planning.

5.14.4 The Governance and Nominations Committee is explicitly charged with advising the Board to ensure it reflects appropriate diversity and is comprised of the skills and expertise needed to guide the organisation in the realisation of Fred’s vision in the near and longer terms.

5.15 Gender mix of Directors

5.15.1 The Foundation is strongly committed to gender equality in every aspect of its work, and understands that gender equality can contribute to achieving its vision of a world in which no person is needlessly blind or vision impaired..

5.15.2 The Board recognises its key role in the realisation of gender equality at The Foundation (and in The Foundation’s work). Specifically, the Board understands that:

- (a) the ‘tone from the top’ heavily influences the culture of the organisation; and
- (b) the different perspectives that gender diversity presents may lead to increased Board effectiveness.

5.15.3 The Board has therefore adopted the principle of seeking equal representation of men and women in its board membership, with a target of achieving gender equality in Board composition with a minimum ratio of no less than 40:60 to either gender at all times.

5.15.4 In order to achieve this objective, the Board will ensure all relevant policies and processes support this principle, including but not limited to, the Board’s director recruitment and selection guidelines.

PRINCIPLE 4 – BE ACCOUNTABLE TO OUR MEMBERS AND RESPECT THEIR RIGHTS

5.16 We acknowledge the trust our members have placed in us, respect their rights to hold us to account, and pledge transparency in our relationship with them.

5.17 The Foundation is a membership-based organisation. Building this base is one of our important functions as Directors for three reasons:

5.17.1 The willingness of people to become members demonstrates that there is public support for the charter and work of The Foundation, and ongoing commitment to Fred Hollows’ vision and work. Membership complements the other key indicator of public support, namely financial donations.

5.17.2 The membership base provides an important “pool” for future Board members, given the Constitution specifies that only members of The Foundation may become Elected Directors.

5.17.3 People who consciously choose to become members are likely to be willing to assist The Foundation in concrete ways if asked to do so and to be champions of the organisation in their personal and professional lives.

- 5.18 The Board is committed to developing a diverse membership base so that:
- 5.18.1 The Foundation as a whole continues to reflect the spirit of Fred who attracted support from people from all walks of life, and through the members is engaged across broad and diverse cross-sections of the community.
 - 5.18.2 The Board and Management have ready access to the range of skills and experience needed to ensure the organisation remains true to its charter and performs well.
 - 5.18.3 The pool of resources available within the membership base as a catchment for future Board and Committee succession is continually developed and evolves consistent with The Foundation's strategic direction.
- 5.19 Given the nature of The Foundation's work, efforts are particularly directed at encouraging membership from amongst the following groups:
- 5.19.1 people with skills and experience in international and domestic development work, eye health and blindness prevention, and health more broadly;
 - 5.19.2 people with experience in "growing" organisations and companies, and with skills in the areas of resource mobilisation, financial management and accountancy;
 - 5.19.3 Aboriginal and Torres Strait Islander and other indigenous peoples, and other people with roots or connections in the communities and countries where The Foundation works;
 - 5.19.4 people who are influential in relevant fields, or who have a track record in successful public advocacy;
 - 5.19.5 people who have had a significant association with The Foundation, such as long-term supporters or former staff and consultants (while noting that the Constitution requires a passage of two years between employment and membership).
- 5.20 Directors will respect the rights of members as set out in both the Corporations Act and the Constitution, including their rights to:
- 5.20.1 nominate and elect Directors (other than the Appointed Directors and the Founding Director);
 - 5.20.2 receive the Financial Statements, including the annual Director's Report;
 - 5.20.3 call and receive notices of general meetings, and propose resolutions; and
 - 5.20.4 control the Constitution and any amendments to it.
- 5.21 The Board will also ensure that The Foundation maintains openness and engagement with members, ensuring that they:
- 5.21.1 are sent a range of other materials and publications to keep them informed of The Foundation's work and programs;
 - 5.21.2 have opportunities to meet and mix with the international and Australian-based managers as well as with the Board; and
 - 5.21.3 receive open, honest and prompt responses to all enquiries or comments.

PRINCIPLE 5 – MAKE PARTNERSHIP AND COLLABORATION THE HALLMARKS OF OUR WORK

- 5.22 Recognising Fred Hollows’ commitment to collaboration in his work, and his determination to mobilise resources efficiently through cooperation, The Foundation will work through strong partnerships at both the governance and operational levels, emphasising cooperation and collaboration as central to the way we plan and work.
- 5.23 Both Fred Hollows’ legacy and The Foundation’s ambitious development goals propel and oblige the Foundation to develop and work through partnerships with people and organisations who share our goals and principles – in Australia, in the countries where we have programs, and globally.
- 5.24 Although Fred was impatient with bureaucracy and preferred to lead by example, he was never a loner and had no tolerance for petty politics. He always sought out colleagues to work alongside him, nurtured his partners, and sought to align strategic and work plans with them in order to be more effective and have a bigger impact.
- 5.25 The Board is committed to continuing Fred’s collaborative and cooperative way of working – an approach that is central to the mandate of all the organisations founded in his name to carry on his work.
- 5.26 The Foundation has strategic relationships with seven main groups of organisations:
- 5.26.1 related bodies corporate of The Foundation pursuant to the Corporations Act 2001 as set out at Annexure 1 Part A (the **Fred Hollows Entities**);
 - 5.26.2 other organisations that are not related but share a history and use the Fred Hollows name under trademark licence as set out at Annexure 1 Part B (the Fred Hollows Licensees);
 - 5.26.3 international bodies with whom we partner and share key objectives, for example Sightsavers;
 - 5.26.4 Government and institutional donors, for example DFAT’s Australian NGO Co-operation Program, UK’s Department for International Development and USAID;
 - 5.26.5 Governments as law and policy-makers;
 - 5.26.6 formal arrangements with some corporate partners; and
 - 5.26.7 other agencies and/or professional bodies, whether based overseas or in Australia, whose charters and objectives are relevant to our work, for example the United Nations.
- 5.27 The Foundation (domiciled in Australia) owns and controls the registered trademarks associated with the name and executes formal Trademark Licence Agreements with the Fred Hollows Entities and the Fred Hollows Licensees which allow them to use the name for specified purposes and in specified territories. Amongst other matters, these Agreements commit all parties to a broad global strategic framework around blindness prevention and to some basic standards for good governance, development practice and business operations. The Board approves these Licence Agreements.
- 5.28 The Board is responsible for the development of relationships with the governance bodies of the other Fred Hollows Entities and the Fred Hollows Licensees in a way that builds upon and supports The Foundation’s strategic goals. As a general rule, the Chair and Company Secretary act as the principal conduit for liaison between the Board of The Foundation and the governance bodies of the Fred Hollows Entities and the Fred Hollows Licensees (The exception to this general statement is the

relationship with the IOL laboratories which is now largely programmatic in nature and managed by the Director of Programs with support from the Directors of KIDS and the Chief Operating Officer).

- 5.29 As a Board, we wish to see these governance relationships with other Fred Hollows Entities and Fred Hollows Licensees characterised by a:
- 5.29.1 Shared commitment to the fight against avoidable blindness and to the principles of good development practice.
 - 5.29.2 Recognition of the need for protection of the Fred Hollows' name and brand.
 - 5.29.3 Respect for the continuing connection of Fred Hollows' name with the Hollows family.
 - 5.29.4 Mutual conviction that open exchange of information, dialogue, cooperation and collaboration will strengthen each entity and the network of entities representing Fred Hollows.
 - 5.29.5 Respect for each entity's achievements, stage of development and circumstances.
 - 5.29.6 Recognition that autonomy of each organisation is not absolute but must be exercised in a way consistent with the shared representation of Fred Hollows, his principles and work and within an overarching framework of inter-dependence.
 - 5.29.7 Active and positive collaboration in all areas of our work.
 - 5.29.8 Relational harmony that is grounded in believing the best of each other even when we have different perspectives.
 - 5.29.9 Readiness to share knowledge and resources, and to support each other whenever and wherever possible to ensure outcomes are optimised for the people in need to whom Fred Hollows dedicated his life's work.
 - 5.29.10 Desire for systematic coordination of strategic and operational planning to increase our collective impact and ensure optimal resource efficiency.
 - 5.29.11 Transparency in our dealings with each other so there are no secrets and no surprises.
 - 5.29.12 Readiness to be accountable to each other because of our shared histories and goals.
- 5.30 At an operational level, the CEO and Management team is responsible for implementing these relationships with the Fred Hollows Entities and the Fred Hollows Licensees.
- 5.31 The goal at both governance and operational levels is to create and maintain a cooperative, collaborative, interdependent global network of synergy operating in Fred's name.
- 5.32 In 2019/2020 The Foundation intends to more closely align to the Fred Hollows Entities by putting in place a Collaboration Agreement with each that embeds the governance relationships set out above including each entity's purpose and contribution to the global strategic goals.
- 5.33 Beyond this, the CEO has carriage of identifying and building fruitful program and other partnerships that align with and progress The Foundation's operations. It is the responsibility of the CEO to keep the Board informed of key developments or issues arising from The Foundation's involvement with domestic, in-country and international partner bodies and to bring any matters requiring Board decision or involvement to the attention of the Board.

PRINCIPLE 6 – BUILD RESOURCES AND A CULTURE OF FINANCIAL TRANSPARENCY

- 5.35 We are committed to ensuring The Foundation has the resources to achieve agreed strategic objectives, and to making full and accurate information available about The Foundation’s financial position.
- 5.36 The Board is responsible for the financial health of the organisation. While the day-to-day work of raising funds is delegated to the CEO, medium and long-term financial and asset management strategies are developed in consultation with the Board and it is the Board’s responsibility to ensure they support the broader strategic objectives of the organisation. Directors commit to contribute to raising resources wherever their individual skills or contacts can be helpful.
- 5.37 The Board is responsible for ensuring that Management has implemented processes and systems for the effective monitoring of the organisation’s financial position and to ensure members and other stakeholders are able to obtain accurate, timely information in relation to The Foundation’s affairs.
- 5.38 The Board meets these obligations through:
- 5.38.1 ensuring integrity in all financial reporting by monitoring the systems of financial management and control put in place by Management;
 - 5.38.2 scrutinising and approving annual budgets to ensure they reflect agreed objectives and priorities and are based on realistic assumptions;
 - 5.38.3 approving and regularly reviewing a Capital & Investment Policy to ensure future financial sustainability and an ability to meet all debts and obligations in the event the company is wound up;
 - 5.38.4 receiving and reviewing quarterly management accounts to monitor progress against budget;
 - 5.38.5 identifying major financial risks and ensuring they are managed effectively;
 - 5.38.6 engaging external auditors to examine the annual financial accounts in accordance with Australian and International Accounting Standards, the ACFID Code of Conduct and applicable fundraising laws, and ensuring that any recommendations of the auditors are acted upon;
 - 5.38.7 publicly disclosing any loans to or transactions with members of the Board, and requiring the CEO to disclose to the Board any loans to staff;
 - 5.38.8 giving our members the full audited accounts as well as a verbal report from the Chair of the Finance and Audit Committee at the AGM where questions can be asked and answered;
 - 5.38.9 publishing the audited accounts and an accessible summary on our website;
 - 5.38.10 lodging the accounts and related reports with the required regulatory authorities within the required timeframes;
 - 5.38.11 declaring any significant changes in the company’s state of affairs in the annual Directors’ Report which is mailed to members and published on our website; and

5.38.12 reviewing the ACFID Code of Conduct annually to ensure continuing compliance with its financial management and disclosure requirements.

5.39 The Finance and Audit Committee assists the Board to fulfil its obligations in these matters. It meets at least on a quarterly basis and reports to each Board meeting.

PRINCIPLE 7 – IDENTIFY AND MANAGE RISK WITHOUT BEING RISK-AVERSE

5.40 We are willing to take risks to achieve results, but do so only with open eyes and when confident they can be satisfactorily managed.

5.41 Fred Hollows was a man who relished challenges and was prepared to take great risks to conquer them. As a result, The Foundation has always had a higher-than-average appetite for risk in the delivery of our programs. As a Board, we need to be true to this legacy at the same time as recognising that we have organisational obligations that require exercising due care and reasonable caution. Our goal is an organisational culture that is unafraid of grasping programmatic and technological opportunities and innovations but also has good systems of risk identification, mitigation and management.

5.42 The Board sets and monitors the overarching risk appetite, policies and framework for the organisation and appoints and supports the CEO who implements them and reports at least quarterly to the Board.

5.43 The Board's specific risk management responsibilities include:

5.43.1 satisfying ourselves that Management has effective risk identification, disclosure, mitigation, and management systems and practices;

5.43.2 monitoring compliance with all legal, regulatory and code requirements;

5.43.3 establishing key policies in areas such as: safeguarding people including child protection; financial crime including fraud, counter-terrorism and anti-money laundering; limits and delegations of authority; sustainability; and protocols for managing crises;

5.43.4 ensuring that regular strategic planning processes identify any risks and uncertainties in the economic, societal, technological, regulatory, political and industry environments in which we work, and factoring these in to our decision-making;

5.43.5 protecting the brand through a satisfactory trademark regime, and our human and physical assets through adequate risk management systems and insurance coverage;

5.43.6 considering the reasonable expectations of all stakeholders when determining what risks should be taken or avoided;

5.43.7 undertaking the financial risk management practices set out in Principle 6; and

5.43.8 ensuring the future viability of the organisation through effective Board, Chair and CEO succession planning.

5.44 Each of the Board Committees has a role to play in risk identification, mitigation and management and in advising the Board in this area. While the FAC is accountable for advising the Board on Foundation risk generally, the GNC and the PPC are accountable for advising on risks that fall within their Terms of Reference.

PRINCIPLE 8 – STRIVE FOR GOVERNANCE EXCELLENCE AND CONTINUAL IMPROVEMENT

- 5.45 We will challenge ourselves to achieve excellence in governance and will take active steps to enhance our performance as a Board.
- 5.46 Ultimately we are collectively accountable to ourselves as a Board and individually to each other as Directors, and we take this accountability seriously. We are committed to understanding the factors that most affect quality in governance and to continually improving our performance.
- 5.47 The Board employs the following mechanisms and processes to help with ensuring effective performance:
- 5.47.1 Wherever possible, interaction with The Foundation’s in-country managers, medical advisers and other field staff to deepen our understanding and keep us focused on their needs, operating environment and local challenges.
 - 5.47.2 Meeting agendas that are carefully structured and timed to ensure we focus on policy and strategic matters and avoid crossing over into operational matters.
 - 5.47.3 Regular skill and competency audits of the current Directors to identify gaps and weaknesses and how they can be addressed.
 - 5.47.4 Annual review of FAC, GNC, PPC and any other Board Committees.
 - 5.47.5 Fixed term lengths and limits on the number of consecutive terms that Directors can serve (currently three terms of three years each).
 - 5.47.6 A specific line item in the annual budget for the Board and its work, and specific staff allocated to act as secretariats for the Board and each of its Committees.
 - 5.47.7 Development of multi-year Strategic Plans.
 - 5.47.8 Chair approval of all Board development initiatives.
 - 5.47.9 Individual Board development initiatives will be signalled as an outcome of an annual performance discussion between the Chair and the Board member.
 - 5.47.10 A full induction program for new Board members including the provision of a comprehensive Board Kit containing the Constitution, this Policy and history of the organisation, significant developments, organisation chart and staffing structure, all policies and other information relevant to the work and travel of directors and resumes of all directors and senior executives.
 - 5.47.11 A formal external review of Board effectiveness and performance will be undertaken every 2 years to inform the Board of development priorities and activities, an internal review will be conducted on alternate years. The reviews will be in a form decided by the Chair in consultation with the Board.
 - 5.47.12 At the time of the preparation of the annual budget, the Chair will indicate the nature of the proposed Board development activities required to be included for Board development in the coming year.

References

- 5.47.13 All Board members will be encouraged to undertake an Australian Institute of Company Directors Course, or equivalent, within 2 years of their appointment. At the discretion of the Chair, financial support will be provided by The Foundation where necessary.
- 5.47.14 The Foundation will attempt to hold one Board meeting every 2-3 years in a country of operation or in a location facilitating ease of access to a country of operation. As with all Board meetings, The Foundation will meet the full costs of the Board members' participation in this meeting.
- 5.47.15 All Board members will be encouraged to undertake a visit to a country program at least once every three years. At the discretion of the Chair financial support will be provided by The Foundation where necessary.
- 5.47.16 All expenditures on Board activities will be disclosed in The Foundation's accounts and reported at Board meetings.
- 5.48 This will continue to remain an area of focus and continuing quality improvement.

PRINCIPLE 9 – NO WELFARE, EVANGELISM OR PARTISAN POLITICS

- 5.49 The Foundation's principles of independence and self-sufficiency mean that we do not engage in or support welfare programs, evangelism, or partisan politics either in our own work or the activities and strategies we support and fund. This approach is reinforced through our DFAT Australian NGO accreditation which requires the activities of accredited organizations must benefit groups selected on the basis of need – not on religious, sectarian or political grounds. It also aligns with our commitment to the ACFID Code of Conduct which requires that funds and other resources designated for the purposes of aid and development will be used only for those purposes and will not be used to promote a particular religious adherence or to support a political party, or to promote a candidate or organisation affiliated to a political party.

WELFARE

- 5.50 Welfare programs are typically:
- 5.50.1 run independently of other sustainable community development programs;
 - 5.50.2 externally designed and directed by the donor rather than controlled by local agencies and service providers; and
 - 5.50.3 long-term programs with no clear strategy for exiting.
- 5.51 The Foundation does not engage in or fund welfare programs of this type. While The Foundation may sometimes provide emergency relief in a disaster situation, this is a short-term response and is thus fundamentally different to long-term welfare interventions.
- 5.52 As a signatory to the ACFID Code of Conduct, The Foundation strives to develop and implement program standards that encourage self-help and self-reliance among beneficiaries and thus avoid creating dependency, and that involve beneficiary groups to the maximum extent possible in the design, implementation and evaluation of projects and programs. In our international work, we support activities and programs which:

References

5.52.1 intervene in a specific and short-term way in a person's life to improve or restore their sight so they can lead more independent and productive lives; and

5.52.2 increase the capacity of partner organisations to build effective eye health systems in their own countries which can be sustained over the long-term.

5.53 In Australia The Foundation works mainly with and through Aboriginal and Torres Strait Islander organisations to help build their capacities and resources to more effectively deal with the social determinants of poor health including poor eye health.

EVANGALISM

5.54 Evangelism or evangelical purposes are activities or actions with the intention of promoting a particular religious adherence or converting individuals or groups from one faith and/or denominational affiliation to another. The Foundation upholds the right of any individual to choose and practice their religious faith or philosophy of life. This includes our own staff or others who form part of our organisation.

5.55 However, The Foundation is not associated with any religion or faith. We do not and will not support or implement programs or activities that are religious in nature or that persuade people (whether by design or accident) to join a particular religious faith.

5.56 In the event we engage with a religiously affiliated group, a non-negotiable pre-condition is that the religious activities undertaken by that partner are kept clearly separate from the activities supported by The Foundation. This pre-condition will be set out in all agreements with our partners, and will require financial and program management processes that clearly demonstrate the separation. Any intentional and uncorrected breach of the agreement will result in the cessation of funds and involvement.

POLITICAL ACTIVITIES

5.57 Political activities as activities that could be construed as being political are those that involve 'party' politics or partisanship. The Foundation upholds the right of any individual to participate in non-violent political activities and promote any political party. This includes our own staff or others who form part of our organisation, with the proviso that such activities must not be undertaken during Foundation time, while representing The Foundation, or using the Foundation's funds or other resources. The employee or associate must maintain a clear distinction between their private political participation and their work with The Foundation. Staff and partners must exercise care when using social media to make that any political views expressed are personal and are not those of The Foundation. The Foundation adheres to the principle of advocating from an evidence based position and is transparent about the basis for the public positions we take.

5.58 Both in Australia and overseas, The Foundation is not aligned with any political party, does not engage in party-political activities, and does not promote any candidate or organisation affiliated to a political party.

5.59 In the event that we engage with a legitimate political party or group, it is to increase the support for well justified positions. A non-negotiable pre-condition is that the political activities undertaken by that partner are kept clearly separate from the activities supported by The Foundation, and that The Foundation's name and logo are not used in association with any partisan political activity. This pre-

condition will be set out in all agreements with our partners, and will require financial and program management processes that clearly demonstrate the separation. Any intentional and uncorrected breach of the agreement will result in the cessation of funds and involvement.

- 5.60 The Foundation also recognises that political processes are often part of the development process, and that policies developed and implemented by political parties can have a major impact on the aid and development environment. As an international development organisation we are therefore involved in community education campaigns and alliances around issues relevant to development, and use many forums and opportunities to advocate for the health-related rights of disadvantaged people and communities.

6. BOARD MEETINGS

- 6.1 The Board meets at least quarterly for approximately 6 hours, usually at The Foundation's head office. Dates for the following year's meetings are agreed by the quarter four Board meeting, with a draft calendar circulated in the August meeting. In addition, there may be at least one Board strategy day each year.
- 6.2 All meetings are minuted. After being formally adopted at the following Board meeting, the minutes are signed by the Chair and placed in the Minute Book (this may be electronic).
- 6.3 All meetings follow a formal agenda that is a combination of standard core items and specific strategic items for discussion. The precise agenda for each meeting is agreed between the Chair, the CEO and the Company Secretary.
- 6.4 A set of board papers is produced for each board meeting in support of the agenda.
- 6.5 All Board Documents, including Board approved policies, meeting papers and minutes will be stored in a protected environment forever and will not be destroyed. In Australia Board documents may be stored electronically. Records in other jurisdictions will be managed as required by local law.

7. ANNUAL GENERAL MEETING (AGM)

- 7.1 The AGM must be held each year within five months of the end of The Foundation's financial year and is usually held in late May.

References

- 7.4 In some years there may be other specific papers e.g. those relating to any formal resolutions to be considered by the members at the AGM.
- 7.5 Nominations for vacant Board positions must be lodged with the Company Secretary no later than 15 days before the AGM and they must be posted at The Foundation's registered office no later than seven days before the AGM.
- 7.6 In the event that there are more nominations than vacancies and hence an election is required, a Returning Officer must be appointed by the Company Secretary and ballot papers prepared before the meeting.

New Life Members are announced at the Annual General Meeting following the approval of the nomination by the Board. A Life Member is no longer required to pay their annual membership fee to remain a member of The Foundation. It is not necessary for Life Memberships to be awarded every year, only as required.
- 8.2.2 A Life Member nomination form is to be completed. The applicant, together with their proposer and seconder, must fill in and sign the Life Member Nomination Form. The nomination form is tabled at the Governance and Nominations Committee meeting, citing as many examples as possible of how the nominee has gone above and beyond what could reasonably be expected and why their contribution is worthy of recognition through Life Membership of The Foundation.

References

- 8.2.3 Careful consideration should be made by nominators who should realise that it is an exceptional circumstance for Life Membership to be awarded. Each nomination must be considered on its merits. In considering the nomination, members of the Governance and Nominations Committee are not to be influenced by any personal relationship with the nominee and are not to make direct comparisons with other Life Members, nominees or persons not nominated. The Governance and Nominations Committee may request additional information from the nominator if that would assist its deliberations.
- 8.2.4 The key elements that will be taken into account in awarding Life Membership of The Foundation include:
- 8.2.5 An ongoing commitment to the development of The Foundation over many years
- 8.2.6 Outstanding service and contribution
- 8.2.7 The length and type of voluntary positions held noting that Life Membership requires more than the holding of office and the routine performance of that office
- 8.2.8 Contributions to The Foundation which have significantly enhanced its standing
- 8.2.9 Commitment which does not seek personal reward
- 8.2.10 A high level of recognition from The Foundation's membership and Board of the nominee's work for The Foundation over a number of years.

GUIDING FRAMEWORK FOR MEMBERSHIP DEVELOPMENT

In developing and supporting the membership base of The Fred Hollows Foundation, the Committee will be guided by the following understandings.

1. Building the membership base of The Foundation is an important function of the Board for three main reasons:

- The willingness of people to become members demonstrates that there is public support for the charter and work of FHF. Membership complements the other key indicator of public support, namely financial donations.
- It is the membership base that provides the “pool” for Board members, given the Constitution specifies that only members of The Foundation may be nominated for election to the Board.
- People who consciously choose to become members are likely to be willing to assist The Foundation in concrete ways if asked to do so.

2. Conscious efforts should be made to ensure a diverse membership base so that:

- The Foundation as a whole continues to reflect the spirit of Fred who attracted support from people from all walks of life.
- The Board and Management have ready access to the range of skills and experience needed to ensure the organisation remains true to its charter and performs well.

3. Given the nature of The Foundation’s work, and our needs in terms of resource mobilisation, efforts should be particularly directed at encouraging membership from amongst the following groups:

- people with skills and experience in international and domestic development work, eye health and blindness prevention, and health more broadly;
- people with experience in “growing” organisations and companies, and with resource mobilization, financial management and IT/e-learning skills;
- Indigenous people, and other people in Australia with roots or connections in the developing countries where The Foundation works;
- people who are influential in relevant fields, or who have a track record in successful public advocacy; and
- people who have had a significant association with The Foundation, such as long-term supporters or former staff and consultants (while noting that the Constitution requires a passage of two years between employment and membership).

References

4. The right balance has to be found between a culture of openness towards new people and new ideas, and preserving the original spirit of The Foundation and protecting its core work from unproductive disruption or distraction.

- The Constitution has a number of protective safeguards such as:
 - limiting the total number of members (currently 200);
 - requiring at least one of the two people who are nominating a person for membership to personally know the applicant; and
 - preventing previous staff and paid consultants from becoming members for two years.
 - There are no specific clauses in the Constitution that address the other side of the coin, namely to ensure that The Foundation remains a dynamic and open organisation that is welcoming of new members and that provides opportunities for members to meaningfully engage with the organisation's work and people. Given it is virtually impossible to codify this responsibility in constitutional clauses, the Board needs to find ways to engender this spirit and culture and to regularly review its performance in this regard.

Committee Membership

The Committee will be chaired by an appropriately experienced Member of the Board. The Board will appoint other Directors to the Committee.

The Chair of the Committee may recommend additional non-Director members to the Board if he or she thinks necessary. Members of The Foundation who are appointed in this capacity must sign a confidentiality agreement with The Foundation and must disclose all (actual and potential) conflicts of interest prior to appointment.

The Board will annually review the membership of the Committee following the AGM, and either confirm or change its membership.

Practicalities

The Committee will meet at least quarterly, preferably around two weeks before each Board meeting. The quorum for meetings will be at least two Board members who are members of the Committee. As a committee of the Board, non-board members who are appointed to the Committee can speak to agenda items but do not have a vote in relation to them. All Committee members are obliged to disclose any conflicts of interest at the beginning of each Committee meeting and absent themselves from any Committee discussions in which they have such a conflict of interest and comply with any directions of the Chair of the Committee.

All Board members, the CEO and the Company Secretary are invited to attend any / all Committee meetings at their own discretion. This invitation in no way restricts the Committee from determining the need for "closed sessions". Any Board member, who is not a member of the relevant committee wishing to attend a Committee meeting must notify the Committee Chair no later than 1 week prior to the scheduled meeting.

Minutes will be produced of all meetings, and will be tabled for information at each Board meeting, noting that the Committee may conduct some of its business *in camera*. The Chair of the Committee will direct who will be excluded from *in camera* portions of the Committee meeting.

Secretariat support for the Committee will be provided by the Chief Operating Officer, the Governance team and assisted as necessary by other managers. The CEO will attend meetings as and when possible.
