The **Fred Hollows** Foundation | 護瞳行動 瞳在香港19年

從信念出發,照亮世界 FROM BELIEF TO BRILLIANCE

2015年11月,我懷著期待的心情踏上香港這片土地,見證 護瞳行動香港辦公室的誕生。我和香港辦公室的團隊肩負護 瞳行動創辦人霍洛教授的信念 ——「不論貧富,人人都應享 有優質及可負擔的眼科保健服務的權利」、號召各界與我們 同行,攜手消滅可避免的失明。

轉眼十年將至,護瞳行動在香港扎根十載,同時也是澳洲總 部成立第三十三年。迄今,我們已成功為全球超過1.5億人恢 復視力或防止失明,帶來光明未來,改寫人生!每一組數字 背後,都乘載了一雙不再被黑暗籠罩的眼睛、一個家庭重獲

救盲之路漫長,有您的支持,我們才能讓遙不可及的 「不可能」轉化為近在咫尺的「光明大道」!

In November 2015, I came to Hong Kong with great anticipation to witness the establishment of The Fred Hollows Foundation Hong Kong Office. Our goal was simple yet profound: to share Professor Fred Hollows' vision that "Everyone, no matter where they live, should have access to high-quality, affordable eye care", and to inspire more people to join us in our mission to eliminate avoidable blindness.

Time flies. The Fred Hollows Foundation has now been operating in Hong Kong for a decade, and this year also marks the 33rd anniversary of our global work, headquartered in Australia.

To date, we've helped more than 150 million people worldwide by restoring their vision or helping them avoid blindness to bring them hope and transform their lives. Behind every number is a pair of eyes no longer shrouded in darkness, a family with new hope.

The road to ending avoidable blindness is long. With your support, we can turn the impossible into a bright and achievable path forward. I am truly grateful to all our supporters in Hong Kong!

Looking ahead, we plan to strengthen eye care education, promote basic vision screening, and expand services for the elderly.

Every dollar you donate shines a light that can change the future of an individual, a family, or even an entire community! We sincerely invite you to join us in witnessing the miracles of sight in the next ten years!

「瞳」見證荷寧復明後的轉變

在越南中部貧困的農村裡,5歲的荷寧自出生便被白內障籠 罩,視線模糊,彷彿一生註定與黑暗為伍。她的母親心中滿 是無奈與擔憂,只盼女兒能有不一樣的未來。幸運的是,命 運之光終於照進他們的生活。經護瞳行動培訓的馮醫生—— 當地唯一具備兒童眼科手術專業的醫生——為荷寧施行了關 鍵的白內障手術。術後的第二天,荷寧首次清晰地看見祖 母,臉上綻放出燦爛的笑容。從此,她能上學、奔跑、在陽 光下無憂地玩耍,生命從黑暗中重獲光明。

12年過去,馮醫牛與護瞳行動再度探訪如今已成長的荷寧 身為越南埃地族的一員,荷寧努力幫助母親飼養牛隻、種植 稻米與木薯,承擔起家庭的責任。她感恩地說

自1999年起,護瞳行動於富安省展開救盲工作,協助建立眼 科醫療體系,並於2012年成立眼科醫院,讓更多偏遠地區居 民獲得專業診治。香港辦公室亦致力籌募善款,支援全球逾 25個國家的救盲項目。我們深信,定期捐款不僅能穩定提供 資源,更能讓更多像荷寧一樣的孩子重見光明,擁有改變命 運的機會。請繼續與我們「瞳」行,點亮更多生命的希望之

When she was just five years old, H'Nhi underwent cataract surgery by Dr Phuong, a Foundation-trained ophthalmologist and the only eye doctor in central Vietnam trained to operate on children. It was the first time Dr Phuong has seen H'Nhi since the operation 12 years ago. She remembered being surprised that unlike most children, H'Nhi was not afraid of having surgery.

A member of the Ede ethnic minority, H'Nhi supports her mother by raising cows, planting cassava and rice, and going to the market. In line with Ede custom, H'Nhi has plans to continue supporting her family. "Without that operation, I wouldn't be able to do these kinds of

The Fred Hollows Foundation started work in Phu Yen, a province in Vietnam's south-central coast, in 1999 and has invested in the rapid development of eye health care, leading to the establishment of an eye hospital in 2012. Phu Yen Eye Hospital is a learning eye hospital that provides a model for best-practice patient care across Vietnam.

Since the establishment of The Fred Hollows Foundation Hong Kong Office, we have actively raised funds over the past decade to support our services to more remote areas in over 25 countries. We will keep garnering more support, restoring sight for more people in need!

林傑人醫生是眼科專科醫生,自護瞳行動香港辦公室成立以來一直擔任眼科 顧問,見證機構在港的發展。

作為已故霍洛教授的門生,林醫生深受其無私奉獻精神啟發,積極參與多項 工作,包括香港首個為無家者提供驗眼及配鏡服務,以及前往雲南偏遠地區 探訪長者、親身了解復明手術與眼疾篩查對改善生活質素的重要性。

林醫生深信「幫助一個人、等於幫助整個家庭」、並親眼見證視力重獲如何 讓患者重拾自理能力,減輕家庭負擔,重燃希望與尊嚴。他認為護瞳行動的 工作能將悲傷的生活轉化為充滿希望與笑容

展望未來,林醫生期望護瞳行動能投入更多資源於眼健康教育,提升公眾護 眼意識,讓更多人受惠。

Dr Godfrey Lam, ophthalmologist and consultant for The Fred Hollows Foundation, has supported its Hong Kong efforts since its inception a decade

As a protégé of the late Professor Fred Hollows, Dr Lam was inspired by his compassion and vision.

He actively contributes to initiatives like Hong Kong's first eve screening program for the homeless and field visits to remote Yunnan communities, witnessing firsthand how restoring sight transforms lives. Dr Lam believes that "helping one person means helping an entire family," recognizing how sight restoration lifts individuals and families from economic hardship. His dedication brings hope and dignity to those burdened by preventable blindness, making his impact both personal and profound.

燃亮護瞳十寒暑 「瞳」行救盲不止息

The first staff member of Hong Kong office

十年前,Pinky成為護瞳行動香港辦公室的首位員工,展開她在救盲工作上的 不懈旅程。「世界上有很多不如我們幸運,一個10分鐘的手術就能改變一個 人的命運·這是我堅持十年的動力。」

她見證了香港辦公室的每個重要時刻,其中最難忘的是2018年親赴雲南偏遠 山區,陪伴因白內障失明的留守兒童小龍接受手術。

「我陪他到我們合作的醫院,親眼看著我們培訓的當地醫生完成手術。」她 難掩激動,眼泛淚光回憶道,「當他第一次看清玩具、露出害羞又驚喜的笑容 時,我深刻感受到這份工作的意義。」

Pinky特別感謝一路同行的董事會成員、同事、義工及捐款人,尤其是每月捐 款者:「不論金額多少,您的每一分支持都能匯聚成希望,幫助無數眼疾患者 及其家庭走上『光明之路』。」

Ten years ago, Pinky became the first staff member of The Foundation's Hong Kong office, beginning her journey to help ending avoidable blindness. "There are so many people less fortunate than us. A 10-minute surgery can restore sight and completely change a life — that's what keeps me going for the last decade," she says.

Pinky has witnessed every milestone of The Foundation's journey in Hong Kong. One of her most unforgettable moments was in 2018, when she accompanied Xiaolong, a young boy blinded by cataracts, to our partner hospital in Yunnan. "Watching a local doctor we trained perform the surgery, and seeing Xiaolong smile at his toy for the first time — it reminded me why this work matters."

Pinky is deeply grateful to The Foundation's board members, colleagues, volunteers, and donors — especially monthly donors. "No matter the amount, even a tenth or a hundredth of your strength makes a difference. Every dollar helps build a path to light and hope for families in need."

程先生非常認同護瞳行動在全球推動復明護眼的工作,尤在中國 成功地開展工作多年。他曾隨團前往雲南探訪偏遠地區,親眼見 到當地基建雖完善,城市醫療發達,但偏遠地區的醫療資源仍然 匱乏。他感慨:「我們仍需更多資源與支持者,才能將醫療服務 延伸至這些角落。」

他深受感動地分享:「親眼見到失明人士接受治療後重見光明, 那一刻難以言喻。這不只是捐款的價值,更是工作人員努力的成 果,非常值得!」

Mr Thomas Ching has long been committed to philanthropy. Starting as a donor to The Foundation, he later joined its Hong Kong Advisory Committee and now serves on both the Global and Hong Kong

Mr Ching was deeply impressed by The Foundation's cost-effective model and its ability to help the greatest number of people in the shortest time. He praised its clear vision, practical approach, and strong execution — qualities that build donor confidence and trust.

He strongly supports The Foundation's global mission to restore sight, especially its long-standing success in China. During a visit to remote communities in Yunnan, he witnessed the contrast between advanced urban healthcare and the limited access in rural areas.

"We still need more resources and supporters to go further," he said. "Only then can The Foundation reach those underserved regions." Seeing people regain their sight after treatment was profoundly moving. "It's hard to put into words. That moment made me realize how every donation and every effort from the team is truly worthwhile."

十年前李小姐偶遇護瞳行動街頭籌款隊,自此開啟她長達十年的 月捐善行:「那天我心情低落,但聽到你們介紹霍洛教授無私救 盲的故事,他鍥而不捨的助人精神、深深感動了我、也讓我放下 自己的負面情緒。」

李小姐年幼時有機會於政府眼科診所接受優質廉價的診治,對護 瞳行動的工作感受尤深:「健全視力,十分重要,我只是付出很 少很少,就能幫到人,讓他們改變生命,人生有第二次機會!」 身為母親的她、印象最深刻是護瞳行動為偏遠地區婦女和兒童提 供服務。她因工作經常接觸柬埔寨的女工,得悉護瞳行動的眼科 服務及教育工作覆蓋柬埔寨,她期望到訪柬埔寨,見證自己的捐 款造就的成果。「如果見到她們,我會鼓勵她們努力生活,世上 有很多人珍惜、愛護你們!」

李小姐用行動證明,善意不分貧富。每月的捐款,是她對護瞳行 動的支持,也是對自己信念的堅持:「不要放棄,繼續做應該做 的事。」

Ten years ago, Ms Li encountered The Fred Hollows Foundation's face-to-face fundraising team, marking the beginning of her journey as a loyal monthly donor. "When I heard about Professor Fred Hollows' selfless mission to end avoidable blindness, I was deeply

As a child, Ms Li received quality, affordable eye care at a local government clinic — an experience that shaped her appreciation for The Foundation's work. "Good vision is so important. I only give a little, but it can help others and give them a second chance at life."

Now a mother, Ms Li is especially touched by The Foundation's support for women and children in remote communities. She occasionally connects with female workers in Cambodia and is proud to know that The Foundation's eye care and education services reach those in need there. One day, she hopes to visit and witness the impact of her contributions firsthand.

Ms Li's actions speak volumes: kindness knows no boundaries. Her monthly donations reflect not only her support for The Fred Hollows Foundation, but also her unwavering belief — "Don't give up. Keep doing what's right."

青光眼:常被忽視的視力小偷

Glaucoma: The Overlooked Thief of Sight

9

青光眼是香港第二大致盲眼疾(僅次於白內障), 卻因早期症狀不明顯而常被忽視。令人擔憂的是 早期的青光眼幾乎沒有明顯症狀,會悄悄損害視神經,導致視野逐漸收窄,甚至造成不可逆轉的永久

隨著人口老化加劇,香港青光眼患者人數持續攀升,60歲以上長者更是高危族群。此外,糖尿病、高 血壓等慢性病患者,以及直系親屬患青光眼的人士,都是較高風險患上青光眼。

若患者在確診時已發展至中晚期,便會錯過最佳治療時機。因此我們建議大家每年定期進行眼壓及視 野測試,關注眼睛疲勞、頭痛、視野變窄等徵狀,並控制血壓及血糖,減低患病風險。雖然青光眼無 法完全治癒,只要及早發現並積極治療,可有效延緩病情惡化,保護珍貴視力。別等視力消失才行 動!定期接受眼科檢查,為您的視力健康把關

青光眼的常見症狀 Common symptoms of glaucoma:

視野邊緣模糊 blurred peripheral vision

夜間視力減弱 reduced night vision

中央視力受影響 impaired central vision

閱讀困難 difficulty reading 眼壓偏高(需眼科檢查才可確診) elevated intraocular pressure (which requires professional eye examination to diagnose)

Glaucoma is the second leading cause of blindness in Hong Kong—just after cataracts. Often symptomless in its early stages, it silently damages the optic nerve, narrowing vision and potentially causing irreversible blindness

With Hong Kong's aging population, glaucoma cases are rising, especially among those over 60. People with diabetes, high blood pressure, or a family history of glaucoma face higher risks.

Early detection is key. Annual eye pressure and visual field tests are recommended, especially for high-risk individuals. Managing blood pressure and blood sugar also helps reduce risk.

While glaucoma cannot be cured, early treatment can slow its progression and protect your vision.

Don't wait — get your eyes checked regularly.
